DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-5, 7-35 are found to be allowable.
2. The following is an examiner's statement of reasons for allowance:
3. The applicant has cancelled previously rejected claim 36.
4. The applicant's combination of the alkyl ester and the cyclic ketone in the specific ratios required combined with the exclusion of any nonionic surfactants and terpenes was not found in the prior art of record. Typically cleaning compositions containing ketones and esters would contain nonionic surfactants. Nonionic surfactants are normally added to reduce surface tension, aid cleaning and stabilize emulsions. It is unusual to specifically avoid the inclusion of these compounds. Although the prior art may teach these as optional ingredients, no reference was found to specifically exclude both the nonionic surfactant and the terpene.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571-272-1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
